

A HUGE THANK YOU!!!!!!!!!!

Yesterday a big truck backed up to the play yard, and out jumped 4 men in hardhats carrying TWO beautiful benches for our play yard! It seems that Gabi Davis' (Blue Birds) dad Roger (2nd from left in photo) is the project manager for the new school going up next door, and he asked his crew to build us benches out of the trees that were taken down along Flanders Mill. What a great way to recycle those big old trees! **THANK YOU SO MUCH** to Roger and friends.

Our Christmas sing-a-long at preschool (above) and the Green Gators and Yellow Jackets visit the Co-op!
